

ScriptWarp Systems Accessibility Conformance Report Revised Section 508 Edition

(Based on VPAT® Version 2.4)

Section 508 compliance statement

Section 508 of the Rehabilitation Act of 1973, as amended by Congress in the Workforce Investment Act of 1998, and as revised in 2018, requires that electronic and information technology used by Federal agencies be accessible to people with disabilities.

This document provides information about WarpPLS's Section 508 compliance, including a complete Voluntary Product Accessibility Template (VPAT) documenting compliance.

All of WarpPLS's features are accessible to persons with disabilities through WarpPLS's interface and plain text output options. In addition, WarpPLS is interoperable with common assistive technologies for vision-impaired users.

Federal employees or individuals requiring more information on WarpPLS's Section 508 compliance or with questions about WarpPLS with regard to Section 508, should contact ScriptWarp Systems at support@scriptwarp.com.

Terms

The terms used in the Conformance Level information are defined as follows:

Supports: The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.

Partially Supports: Some functionality of the product does not meet the criterion.

Does Not Support: The majority of product functionality does not meet the criterion.

Not Applicable: The criterion is not relevant to the product.

Not Evaluated: The product has not been evaluated against the criterion. This can be used only in WCAG 2.0 Level AAA.

WCAG 2.0 Report

Tables 1 and 2 also document conformance with Revised Section 508:

Chapter 5 – 501.1 Scope, 504.2 Content Creation or Editing

Chapter 6 – 602.3 Electronic Support Documentation

Note: When reporting on conformance with the WCAG 2.0 Success Criteria, they are scoped for full pages, complete processes, and accessibility-supported ways of using technology as documented in the [WCAG 2.0 Conformance Requirements](#).
